GLADIOLI

DAHLIAS, HARDY 'MUMS

PRICE LIST—1916

A GAIN we greet you with this, our annual booklet, and hope its contents will be found worth while. Our success has been made possible by the liberal patronage of many customers and we sincerely thank them. That our stock is of the highest quality is substantiated by many favorable reports. Our facilities are ample to take care of the tiniest garden or the largest estate. Our only purpose is to serve a client well. Those who have never experienced the keen delight of a flower garden should not let another season go by. Beautify your home surroundings with a garden of flowers. Love them. Live with them. Health and happiness will be your portion.

GLADIOLI

The growing popularity of Gladioli need not here be mentioned. The little red flower of the long ago must not be confused with the striking effects of the **New Gladioli**. In the hands of careful specialists wonders have been developed; now fifteen to twenty blooms appear on a single spike and each flower four to five inches across. No orchid could be more beautiful. A Coleman introduction, that will create a furore when disseminated, is a shrimp pink 6 1-4 inches in diameter.

A bouquet of Gladioli will keep from ten days to two weeks making it par-excellent as a cut flower. For massing, in the border, or to carry out a color effect Gladioli fit in well. Our list represents the latest and best varieties of American and European specialists and we do not hesitate to commend it to the amateur and professional alike.

Further on your attention will be called to the MODERN DAHLIA, and the HARDY CHRYSANTHEMUM.

Our combination of specialties—Gladioli, Dahlias and Hardy Mums is unsurpassed. Grow them all for a wealth of bloom.

All bulbs, plants and roots are delivered, post free, unless otherwise noted. Oftentimes larger stock can be sent if shipped by express (customer paying charges)—and this method is good as we always add sufficient extras to balance cost of transportation. Bulbs and plants are now carried by express companies at a reduction of 20% from regular merchandise rates.

Gladiolus and other bulbs can be shipped immediately upon receipt of order if desired. Plants are ready by April 1st and after that date. Early orders are requested.

"GLADIOLI BY THE MILLION."---A PARTIAL VIEW OF ONE OF OUR FIELDS.

Niagara.—The new yellow that has created a sensation everywhere shown. 4½ inch flowers. Rich cream blending into canary. 10c each; \$1 per doz.

Charlemagne.—A giant flower of French introduction. Glowing sun-rise red with creamy throat stippled with purple. 20c each; \$2 per doz.

Panama.—Seedling of America and resembling it in form, but a richer and deeper pink. A show variety unsurpassed. 10c each; \$1 per doz.

Baron Hulot.—The only true blue. Its color makes it invaluable. With Niagara or Victory the combination is beautiful. 5c each; 50c per doz.

Taconic.—Bright pink splashed with lighter tints. Lower petals with blotch of crimson ending in a thin stripe of yellow. 10c each; \$1 per doz.

Empress of India.—The darkest and richest of all. Very dark mahogany red. One to delight. 10c each; \$1 per doz.

Lily Lehmann.—A superior waxy white of great substance. A delicate tint of pink graces the tip of each petal. Charming. 10c each; \$1 per doz.

Kunderdi Glory.—The new ruffled type. Immense creamy apricot flowers suffused with a faint light of pink. Without doubt we are the largest growers in the country of this sterling novelty, so quote a special price. 10c each; 75c per doz.

Cracker Jack.—Rich dark red, velvety texture, blotch of maroon on yellow ground. 10c each; \$1 per doz.

Mrs. Frank Pendleton, Jr.—The Pinnacle of Gladiolus Production; giant flower and plant of much vigor. The color outrivals the finest Pelargoniums—beautiful light pink, blending into a darker shade with a brilliant carmine blotch. 15c each; \$1.50 per doz.

Grand Violet.—Dark violet, fine solid color, extra novelty. 25c each; \$2.50 per doz.

SPECIAL OFFER A—One each of the eleven grand sorts on this page, \$1.00; three each \$2.75; twelve each \$10.00. Postpaid.

JOE COLEMAN, GROWER, LEXINGTON, OHIO

Europa.—White as the driven snow. Flowers beautifully formed. Exquisite. 20c each; \$2 per doz.

Pink Perfection.—Giant flower of salmon pink produced in abundance. Just a few spikes make a handsome decoration. The buds when showing color resemble pointed rose-buds. A variety unequalled. 20c each; \$2 per doz.

Victory.—Dainty yellow with lower petals a deeper tone. Considered one of the best yellows. 5c each; 50c per doz.

War.—Has become noted as a leading red and one to be highly commended. A large flower on a very tall spike. 15c each; \$1.50 per doz.

Peace.—Very large white with lilac markings. Popular. 15c each; \$1.50 per doz.

Schwaben.—A new yellow from Germany—from the originator of Europa. Has red blotch deep in throat. A novelty of great worth and will be largely grown. 35c each; \$4 per doz.

La Reine Blanche.—New pure white carrying one of the longest spikes of all Gladioli. One bulb usually throws up two or three spikes, four to five feet high. 15c each; \$1.50 per doz.

Loveliness.—Just as the name implies. Could not be more beautiful. Color, pale cream of a tone difficult to describe. Flowers large, open nearly all at one time. 35c each; \$4 per doz.

Electra.—Intense vermillion, a beautiful color. Extra large flowers and an early bloomer. 20c each; \$2 per doz.

Halley.—Fine salmon pink with creamy white blotch. One of the best; very early. 5c each; 50c per doz.

Mrs. Francis King.—Could we grow but a few varieties Mrs. Francis King would be one of them. Best described as a flame color and for garden effect it is unsurpassed. Beautiful under artificial light. Flowers, giant in size. We grew 300,000 of this one variety the past season. Our price will please. 25c per doz.; \$1.75 per 100.

EUROPA

SPECIAL OFFER B—To those who desire the most striking novelties this offer will appeal.

One each, Schwaben, Loveliness, Pink Perfection, War and Electra, \$1.; three each \$2.75. See description above.

Independence.—Florists' favorite. One of the best keepers. Deep pink bordering on scarlet. 5c each; 50c per doz.

Primulinus.—Rare species from South Africa. Clear primrose yellow with small hooded flowers that droop forward. 15c each; \$1.50 per doz.

MRS. FRANK PENDLETON

Mrs. Watt.—New. A gorgeous American Beauty Rose color. Created a lot of comment at recent exhibitions. Stock limited. 25c each; \$2.50 per doz.

Willy Wigman.—A large flower of creamy white with distinct crimson blotch. 10c each; \$1 per doz.

CULTURE OF GLADIOLI.

KUNDERDI GLORY

Anything that is worth doing at all is worth doing well. The Gladiolus responds so quickly to good treatment that requires so little effort that there can be no excuse for not producing exhibition flowers. If you can grow potatoes, you can grow beautiful flower spikes of the Gladiolus. According to the varieties the bulbs will produce flowers in from sixty-five to ninety days. Plant from four to five inches deep the larger bulbs the latter depth.

The secret of growing good flowers is thorough cultivation. In nearly all parts of the country artificial watering is unnecessary provided a dust mulch is kept on the surface to conserve the moisture. Stir the surface as soon as fit after each rain and give frequent cultivation. If watering must be done, do it right, using at least five barrels to the square rod. A sunny situation and not planted close to buildings is best.

Well-rotted manure or a high-grade potato fertilizer will materially assist in the growth and success of the flowers.

Dig bulbs in the autumn, dry thoroughly and store in a cool frost proof cellar.

EXTRA SPECIAL OFFER D—The Biggest Bargain of the Season. Don't pass it by. A rare selection representing the very best varieties. One strong bulb of each below sorts 50c postpaid; 5 of each (55 bulbs) \$2: Panama, Niagara, Empress of India, Klondyke, Kunderdi Glory, Augusta, Mrs. F. King, Baron Hulot, Princeps, America, Independence.

“THE MODERN GLADIOLUS GROWER,” a monthly magazine devoted entirely to Gladioli, 50c per year. Published by Madison Cooper, Calcium, N. Y. We heartily recommend it.

This illustration represents the various forms of Dahlias. Starting at the top on a straight line to the bottom are SHOW, PEONY-FLOWERED and DECORATIVE blooms. The two at the left are CACTUS forms while the upper one at the right is a DECORATIVE and lower a FRENCH COLLARETTE. (Note the collar around the center).

Dahlia tubers and plants are ready for shipment from April 15, on. So many make the great mistake of planting Dahlias too early. If planted too soon they are forced into bloom during the heat of the Summer, then only inferior blooms are to be had. Dahlias are cool weather flowers and to have gorgeous beautiful flowers 5 to 6 inches in diameter too early planting is not to be encouraged. In this section from May 10 to June 1, is the proper time. In many cases we furnish only strong green plants and those designated (P) indicate such. Dahlia plants are sprouts from tubers rooted in sand and twice transplanted before being shipped to our customers—this method insures the best success, the finest flowers. Plants make tubers to be lifted in the fall for storage.

 JOE COLEMAN, GROWER, LEXINGTON, OHIO

CANNAS

Cannas are indispensable and no plant gives better return in gorgeous decorative effect. We sell only large, strong plants, ready to set out, thus insuring the best success. Shipment made from April 15, on. Charges to be paid by customer. On six or less add 5c each if it is desired that we send them prepaid. This list represents the newest creations— all old sorts having been eliminated.

Alphonse Bouvier.—Beautiful crimson. 5 feet.

Feuermeer.—Free flowering fiery scarlet.

Florence Vaughan.—Green foliage, golden yellow, dotted red. 5 feet.

Gustav Gumpfer.—The ideal rich yellow bedding Canna. A glowing effect that can be seen as far as the eye can carry.

Richard Wallace.—Green foliage. Large canary yellow flowers. 4½ feet.

Venus.—In color, a bright pink mottled with white at the edge.

Mme. Crozy.—Reliable and popular. Bright orange scarlet edged yellow.

Above: 10c each; \$1 per doz.

King Humbert.—One of the greatest Cannas ever introduced. Immense orange scarlet bloom of good texture combined with the finest bronze foliage. 15c each; \$1.50 per doz.

Maros.—The best white-flowering Canna. 15c each; \$1.50 per doz.

Mrs. Alfred Conard.—Exquisite salmon-pink, very large flowers. 20c each; \$2 per doz.

Fire-Bird.—The last word in Cannas. Immense bunches of flowers, single petals often 3 inches in diameter. 50c each; \$5 per doz.

Wm. Saunders.—Another grand one. Carries great clusters of scarlet flowers often a foot across. 20c each, \$2 per doz.

Horatio.—Large, waxy flowers of beautifully formed petals, brilliant golden yellow edged with crimson scarlet, throat yellow stippled red. Habit dwarf with rich green foliage. 25c each; \$2 per doz.

A Suggestion:—A Canna bed of one variety possibly is preferable, but one's fancy may direct otherwise; in that case a combination of red and yellow or pink and white would be the happy thought. The number of Canna plants for any given bed may easily be determined by allowing 18 inches each way.

TUBEROUS BEGONIAS

Our customers who have never tried Tuberous Begonias would surely be pleased with them. They thrive best in a shady or semi-shady location unsuited for most other flowers. A mass of bright waxy flowers 4 in. in diameter may be had from June until frost. Start tubers inside in March and transfer to the open ground the fore part of May after danger of frost is over. Or they may be flowered in pots. For best success make the bed friable with sand and well-rotted compost. Do not plant too deep. This flower is easily handled. We sell only separate colors and do not offer a mixture of cheap sorts.

SINGLE VARIETIES:—Scarlet, Pink, White, Yellow, Orange, 10c each; \$1 per doz. Prepaid.

DOUBLE VARIETIES:—Copper, Pink, Rose, Yellow, and White, 15c each; \$1.50 per doz. Prepaid.

Eremurus (Robustus)—A hardy and rare plant from Asia. Grows 6 to 7 feet, carrying immense flower spikes of soft rose color. The flower part averages a foot in length. A striking novelty that is little known to the American public. \$1 each.

TRITOMA

Tritoma.—Torch-Lily or Red Hot Poker Plant. A garden should have certain plants that produce a bold and striking effect. By the liberal use of Tritomas a display or dazzling brilliancy may be had from August until long after frost.

Tritoma Pfitzeri.—An improved sort with large orange scarlet flower heads. For autumn decoration and as a cut flower it can hardly be equalled. Spikes 3 to 4 feet high and striking as a single specimen or in masses. 25c each; \$2.50 per doz.

Tritoma Nobilis.—New. Grows 7 feet high and surmounted with enormous coral-red flower heads. 75c each.

Tritoma Ideal.—New. Large compact flower-heads of the purest scarlet. This grand new sort is considered the best introduction in years. Stock limited, 75c each.

The Garden of Surprise—After May 1, our surplus plants and bulbs are made up into collections without considering the catalog value. If willing to take our word for it you will get the "Bargain of Your Life." Send us \$2. and orders will be filled in rotation commencing May 1. We cannot tell the contents of this collection but can assure its being worth several times the cost. Sent by express customer to pay the charges. If wanted prepaid send \$2.50.
